

THE BROOK BROADCAST

CARS AND BUSES GALORE

I cannot believe another week of in school and at home learning has finished. I have been again looking at some of the Tapestry uploads and I can see how busy our children at home have been. We have also had a busy week in school.

We were due to have a special sports car in the form of a Lamborghini visit us in school today, but sadly the car did not like the cold. We are hoping that it will be able to come next week sometime and will keep the families with Nursery and Reception children informed.

The children in Nursery are currently being car designers and this week they have created their own mood boards for their car design. They have then made their cars from cardboard boxes, even ensuring that they include their own personalised number plates. They celebrated finishing their cars, by sitting in them during our carpet session today.

Over the last couple of weeks, our Reception children have focused on the key text 'Cars Galore' by Peter Stein and from this they have been learning about the history of cars and have even labelled the parts of a car, by putting post-it notes on Mrs Reed's car. This week however, they have moved on to thinking about the key text 'The Naughty Bus by Jan Oke' and the children at home and in school have become the most amazing film makers, creating their own 'Naughty Bus' stories in the process.

Well done to all of our children who are working hard, whether you are working at home or in school. We have been so impressed with your learning.

LET'S GO FLY A KITE!

Our Year One children at home and in school have been continuing their journey with Miranda in her hot air balloon. This week they have been thinking about China and today the children in school and at home were encouraged to make kites. We have seen some wonderful designs and even on a non windy day, the children still managed to get their kites in the air, by running really fast!

Hi to everyone at Brook Infant School and Nursery 🙌. I hear you are learning all about space at the moment which is fantastic. There is so much to find out and we need scientists of the future, like you, to help. Stay safe everyone. Best wishes Tim 🚀

TIM PEAKE

The amazing British astronaut Tim Peake has kindly sent a message to our Year Two children who are learning about space and what it is like to train as an astronaut.

We are so grateful to Tim for taking the time to send this message to our learning community and to Mrs Taylor for contacting Tim in the first place.

We have been so proud of our Year Two children's learning both in school and at home! Well done!

OUR NEW TABLE TOP LIBRARY

It was a joy to see several of our families come to visit our 'Table Top Library' on Thursday. The children that came along between 09:30 and 11:00 got to choose two new books to take home and for us it was nice to see them on the school site again. Some even got a sneaky peek and socially distanced chat with their friends who were on the playground at the time of their visit!

The Table Top Library will be open every Thursday morning from 09:00 until 11:00. We will send a text if the library has to be postponed due to wet weather.

DONATIONS REQUIRED!

If anyone in our community happens to have unwanted clothes for dolls (such as baby Annabelle) that are in good condition, we are currently looking to increase our stock. Many of our dolls are feeling the cold currently and would love some new outfits to try.

If you are able to donate any doll clothing, please bring it in a bag and leave it with Mrs Cox at drop off or pick up.

Thank you in advance.

REMEMBER WE ARE HERE!

As we keep saying, if things gets tricky, try **NOT** to worry and do **NOT** suffer in silence. We are here to help and even if we cannot help directly we can signpost you to people and agencies who might be able to. Simply email **support@brookinfant.school**.

You are all amazing and our children are very lucky.

Keep smiling and keep learning with love and laughter.

IMPORTANT DATES

We do not profess to know what might be happening in one week, let alone one term, but here is what could happen!

Monday 22nd February 2021 - Inset Day

Monday 7th June 2021 - Inset Day
